Miss Hawley Saw Them at Work in Brother's Flat and Phoned Police.

When Miss Helen Hawley of 175 West Seventy-ninth street, was going to her apartment on the fourth floor, just before last midnight, after attending a theatre, she saw a light shining through the transom of the apartment of her brother on the third floor. As her brother, a buyer for an importing house, is in Europe with his family, she decided to investigate.

She tried the door but it was lecked and a knock on it brought no response.

Soap leaves a greasy film on glass which is hard to remove; the following method of washing will, however, make glass crystal clear:

Take a wooden tub or pad the metal sink with soiled glass linen towers or any soft plece of cotton. Wash the glass in warm suds, made by dissolving a teaspoonful of Gold Dust washing powder in a pan of hot water; use a soft brush to clean surface, then rinse in water of the same temperature. After the glass has been carefully dried on glass linen, use a camel's hair brush to polish the cut
